Oven:

Your sausage product will cook in your oven, and the flavor will be excellent. You will have some color created by our cure and spices, although the color will not be as heavy as it would be if the sausage were placed in a smokehouse.

1. Line the bottom of your oven with foil to catch the drippings.
2. Lay your product on screens.
3. Cook at lowest heat possible for the first hour and leave oven door open slightly if necessary.
4. Bake at 180° to 200° until product reaches an internal temperature of 156°.
5. After cooking place sausage in refrigerator or freezer.
6. For a smoke flavor use add our liquid smoke.
